## KALAUOKALANI WILL SEEK THE DELINQUENT VOTER

City and County Clerk Kalauokalani, in charge of registration lists for the County of Honolulu, will seek out the delinquent voter by making a complete tour of all country districts beginning with Monday, July 22nd.

The enrollment of names on the pages of the Great Register moves entirely too slowly to suit the force of assistants in the Clerk's office.

The registration for 1912 totaled 7481. The Great Register will be closed to voters at midnight on October 16th. To date but 4300 names have been placed on the registration lists and the voters appearing at the Clerk's office have averaged but one hundred and fifty a month since the first of May.

Clerk Kalauokalani has mapped out a tour of the island of Oahu which will require ten days to complete.

A man never feels comfortable in a dress suit if he remembers that he will have to go back to work the next morning.

Sometimes a woman enjoys having her husband stay away from church on Sunday so she can throw it up to him all the rest of the week.

## STOCKS ACTIVE AND ADVANCING

Stock brokers are in cheerful mood today, finding their hands full of business. The good opening the week gave yesterday continued today, and as a rule prices advanced materially. Exceptions of declines from last previous sales were only in Hawaiian Sugar and Haiku, but in these cases the comparison is with the boom times past some months since. Of Hawaiian Sugar 150 shares were sold between boards at 43.50, as compared with 48 last sale. Five shares of Haiku went at 202.50, as against 215 last sale.

Oahu was the most active stock, 470 shares altogether being recorded as sold. This was in many small parcels, the lowest price being 23, highest 27.25, at which eighty-six were sold, and closing 27.625, the quotation of last sale before today.

Pioneer went from 31 last sale to 34, at which twenty-five shares were sold. Hawaiian Commercial fluctuated in sales of five-share lots aggregating thirty shares, from 42.50 to 43.50, as compared with 42.25 last sale. Ewa sold 220 shares in lots ranging from five to fifty shares all at 30, a quarter point advance, between boards, and fifty-five at 30.50 and five at 30.75 at session.

McBryde held its own for 145 shares at 6. Waialua picked up from the depths of its slump of some time ago, last sale at 112.50, bringing 120 for fifteen shares.

Brewery gained a quarter in a sale of ten shares at 20.25. Five Inter-Island sold for the old price of 195. Hawaiian Pineapple showed a gain of half a point in a sale of six shares at 40. Two lots of Olan sales making \$3000 went unchanged at 97.50.

## VENTURA WILL BE DELAYED

The receipt of a very large cargo of Hawaiian products will cause a small delay in the departure of the Oceanic Liner Ventura for the coast tomorrow morning.

Instead of the Ventura departing for San Francisco at ten o'clock according to the regular schedule, the vessel will be held an hour later, getting away at eleven o'clock with over two hundred cabin passengers, a large number of Spaniards and Portuguese in the steerage and several thousand tons of sugar, pineapples and sundries.

As the guest of the Hawaii Promotion Committee, at a lunch given at Commercial Club at noon today, a number of local business men had occasion to meet Captain J. L. Cowell, the master of the Ventura as well as several of the popular staff of officers in that liner.

The luncheon was a delightfully informal affair and greatly enjoyed by a small company of invited friends.

During the months of July and August the Hall of Moaunua will be closed. The gardens will be opened as usual and Saturday afternoons.

Tally cards and favors—that are different—at Arts and Crafts Shop, 1220 Fort street.

## DEL. KUHIO ALREADY BUSY

Activity among the close political friends of Delegate Kuhio today is regarded as evidence that his fight for control of the Republican territorial convention next fall has already been started.

With the organization of precinct clubs but a few weeks away, the delegate and his friends are preparing to start building from the ground up and there is no secret about Kuhio's determination to gain control of the clubs, the nominations for convention delegates and their primaries.

Rev. S. L. Desha, of Hilo, one of the Kuhio leaders on the Big Island and one of the men closest to Kuhio politically and also in the way of personal friendship, came down on the Mauna Kea from Hilo today and the plan of campaign will doubtless be well outlined before he returns.

That Kuhio has plenty of money for a hard campaign is the statement coming from several responsible sources, and even though many of the men who have contributed loyally in times past to help the delegate fight his political battles are certain to refuse to subscribe now, he will be able to take the field well equipped with the sinews of war.

In fact, the delegate's statement published yesterday afternoon launches his campaign formally, and he is expected to follow this with orders to his lieutenants on the details to be followed.

## HILO BOOMING SAYS J. A. SCOTT

Everything is looking well in Hilo," said John A. Scott, manager of the Hilo Sugar Co., Wainaku, this morning.

There is going to be a good sugar crop, as it is growing finely. The town is showing many signs of progress.

"I suppose the Federal building will not be long delayed. Just now it is waiting for the architect."

"Some other fine buildings are to be erected shortly. The library, in which I am largely interested, will be a handsome building, and the contract for it has been let to the Lord Young Company. No, we are not going to get help from Carnegie. We would not ask for it, because there is a string to his library gifts. He makes a condition that a certain amount must be expended each year on maintenance of the library, and some time this might prove to be a hardship to those supporting it."

"It is likely that the new union school will soon go up. This is in the hands of the loan fund commission."

"Yes, there is no doubt the Hilo railroad extension will go a great deal for the town. The rails have now reached Nihoa, at Manua gulch, seventeen miles from Hilo. I believe the tunnel is completed, if the rails are not actually laid through it. One of the big bridges on the line is over Maulua gulch, and it has a striking appearance from its height and narrowness with a curve in it."

"All of the bridges are of durable construction and the roadbed of the line is very substantially built. By spending money in making the construction of the road of lasting character, a great saving on maintenance account is assured."

Mr. Scott could not say if L. S. Conness was prepared to go ahead with the Hilo street railway when he got the franchise, but he doubted if the franchise would be granted at the present session of Congress. "If McCrosson can't get his Kau ditch bill through, I am afraid there is not much chance for the passage of Conness' bill," said Mr. Scott.

## BOOST HAWAII

(Continued from Page 1)

twenty-four per cent. Is there any better investment year in and year out than this?

"Besides the silly Cuba scare, we have had the cholera, the yellow fever, the labor and other scares, but none of them has amounted to any great actual harm. I have been through a lot of them in thirty-two years, but never seen the fears that hurt business for the time being realized."

"I think the newspapers would help to prevent these disturbances by avoiding the publication of matters liable to be detrimental to the country. There is no doubt the scare raised by Dr. Ramus hurt us on the mainland, although everybody here knows it was utterly groundless. There is an old saying that what the eye does not see the heart will never dream of. You may have a fine-looking beefsteak served to you in a restaurant, which perhaps you would not eat if you saw a dirty cook in behind. If people were not so ready to see disaster in every little difficulty or doubt that may arise, these periodical fits of depression would be much less frequent."

"Let all work together to boost Hawaii and its securities."
